- IPX4 RATING
- USB-C CHARGING
- POWER BANK
- ADVANCED DIMMING SYSTEM
- CRI >=80

Pacifica is an elegant decorative lamp, perfect for indoor and outdoor use. It emits warm light reminiscent of candlelight and neutral LED light, creating a cozy atmosphere on terraces, balconies, or patios. With a maximum light output of 370 lumens, it provides ample lighting. The Advanced Dimming System allows you to customize the light intensity to suit your needs. Powered by two 18650 Li-Ion batteries (5200 mAh), it can run for up to 75 hours. It features a universal USB-C port for fast charging and a power bank function. Its sturdy design ensures reliability both indoors and outdoors.
