Mactronic Kiros is a compact EDC flashlight with adjustable Flood and Spot beam settings and DSS – Dual Source System. Smooth beam control allows users to switch from Flood light for close-range tasks to a Spot beam with up to 220 m range. The transparent head works as an omnidirectional area light, useful in a tent, car, storage compartment, or during a power outage. The flashlight delivers up to 600 lm, features last mode memory, runs on a 14500 rechargeable battery with USB-C charging or an AA battery, and has an aluminium body resistant to 1 m drops. Kiros is also suitable for partner logo marking, making it a practical option for promotional activities and corporate gift sets.
