Sunscan 5.1 is a compact penlight weighing just 34 grams, designed for professionals in detailing, painting, heritage conservation, and other fields where precise color rendering is critical. With a CRI 95, the Sunscan 5.1 accurately reproduces colors, making it the perfect tool for evaluating paintwork, polishing, and restoration work. Its smooth beam adjustment allows users to tailor the light to various needs, while the durable construction and AAA battery power ensure long-lasting, reliable performance in any condition.

PRODUCT MEETS THE FOLLOWING STANDARDS: CE RoHS
