IP53 RATING 1,5 m IMPACT RESISTANCE USB-C CHARGING MAGNET

Dura Tool is a compact flashlight designed for use in workshops, garages, and other environments requiring precise lighting. Equipped with a COB LED panel, the Dura Tool emits a diffused light output of up to 110 lumens, providing visibility up to 15 meters. With an adjustable head, hook, magnet, and five lighting modes (including SOS and flashing red), it is the perfect tool for mechanics, DIY enthusiasts, and everyday household use. Powered by an 800 mAh lithium-ion battery and rechargeable via USB-C, the Dura Tool is a practical and versatile tool for any workshop or home garage.
